

APPLICATION MANAGER

Merchant Boarding Status Is Only a Click Away

TransFirst has streamlined and accelerated the merchant boarding process, with our new Application Manager, making it now easier than ever to check the status of your merchant applications. Application Manager supplies you with real-time “status-at-a-glance” to quickly and easily identify applications that require attention. With only a click of a button you can reach our Partner Sales Support team to receive immediate assistance.

Now it is easier than ever to check merchant application status! Whether from our industry-leading TransLink, online reporting tool, or ELAPP, our cutting-edge, virtual application; Application Manager is only a click away!

The information needed to manage your business is now at your fingertips.

- Fully visible merchant boarding process
- Immediate access to Partner Sales Support team
- Intuitive, user-friendly view of status

Our user-friendly application features:

- Real-time, Web-based app status-at-a-glance
- Quick sort for apps that require attention
- Export for custom reporting

Summary	Completed Apps	Submitted Apps	First/Second/Completed
	88	110	88.54%
